

# **Cascade Orienteering Club**

## **Annual Meeting Agenda**

October 10, 2015

1. Pizza, salad + Truth/Lie stickers
2. Recap & highlights of the past year, introduce newest board
3. Sneak peek at big events for 2016: NOCI 2016, SART 2016, SummerFEST
4. A quick overview of course design principles (led by Chris Whitmyre)
5. 2016 series directors & upcoming activity (Jud Kelley, Ing Uhlin/Debbie Newell, Will Enger, Patrick Nuss)
6. Tech team & finish team news & upcoming activity (Mike Schuh + ...)
7. How to use RouteGadget 2 (led by Jim Siscel)
8. Brainstorming for an amazing 2017 40th anniversary year! Big thinking starts now...

# **COC STRATEGIC FOCUS AREAS**

## **1. Build land access relationships.**

Proactively build and maintain trusted and mutually beneficial relationships that ensure long-term access to desirable orienteering venues.

## **2. Become a go-to resource in navigation**

Become the organization that outdoor adventure communities, land managers, government officials, and the press look to first for navigation advice.

## **3. Offer training, teaching, & social connections**

Create a social environment in which people have fun, make personal connections with one another, get better at navigation, and take pride in the club.

## **4. Grow skilled people & leaders**

Grow the number of adults who are able to take on significant, club-leading roles, such as course designers, meet directors and series directors. If those critical roles cannot be staffed by entirely by volunteers, identify and organize ways to pay for these skills.

## **5. Maps**

Create, maintain, update, and reuse a diverse collection of maps that offer excellent orienteering experiences in Washington State.

## **6. Communicate our branding and grow the club**

Expand the base of active orienteers in Washington State through excellent communication, promotion, and momentum-driving opportunities.
